

**NATIONAL 4-H  
COUNCIL**

**GIVING A GIFT OF STOCK  
National 4-H Council**

Thank you for considering a gift of stock to National 4-H Council.

**Electronic Transfer**

If your shares are held in an account, we prefer that your broker make an electronic transfer of the shares to National 4-H Council's investment account:

**Scott & Stringfellow  
201 N Union St #240  
Alexandria, VA 22314  
DTC # 0702  
Account # 8097-1900**

**Stock Certificate**

If you hold the certificate for your shares, the safest way to deliver a stock certificate is to mail both the stock certificate and a stock power (in separate envelopes) via certified or registered mail to our account executive:

**David Kaye  
Scott & Stringfellow  
201 N Union St. #240  
Alexandria, VA 22314  
Phone: (888) 250-7212 or (703) 836-9755  
Fax: (703) 836-9759**

Please do not sign the back of the certificate; instead, mail the signed stock power in a separate envelope (this does not need to be via certified mail). If you do not have a stock power available, we can provide a form for you. If the back of the certificate has been signed, we suggest you mail the certificate registered and insured to assure it arrives at our office.

**Confirmation and Effective Date**

When the stock is transferred into National 4-H Council's account or the certificate is received, you will receive a notification and a receipt.

For an electronic transfer, the effective date of the gift is the date the shares are placed into our account; the gift value is the mean on that date. The effective date of the gift for the certificate method is the postmark date.

**Designating the Gift**

To complete the gift transaction please advise Senior Vice President and Chief Development Officer, Jill Bramble, at National 4-H Council of the designation for the stock gift, the number of shares and the identity of the stock. We prefer that this is done in writing, but you or your broker can call (240) 620-1702.

If you need further assistance in making a gift of stock to National 4-H Council, please contact Jill Bramble (240) 620-1702 or [jbramble@fourhcouncil.edu](mailto:jbramble@fourhcouncil.edu)
