

What is Juntos 4-H?

Juntos (pronounced “Who-n-toes”) means “Together” in Spanish and works to unite community partners to provide Latino 8-12th grade students and their parents with knowledge, skills, and resources to prevent youth from dropping out and to encourage families to work together to make college a family goal.

Research shows that Latino youth are at greatest risk for dropping out of school between the 9th and 10th grades. The Juntos Program reduces this risk by empowering Latino youth at the 8th grade level to support each other throughout high school and as they prepare to enter higher education.

Juntos 4-H Program Goals

1. Increase Latino student success by improving student attendance, grades, and achieving high school graduation
2. Increase the percentage of Latino students attending higher education
3. Increase family engagement that leads to students' educational success
4. Increase the sense of belonging among Latino students and families in their schools and communities
