PROVIDE THE SPARK!

4-H Volunteers are essential to help youth make the most of a wide variety of learning experiences. Volunteering is an opportunity for you to **share your personal interests** by demonstrating expertise in subjects as varied as robotics, food & nutrition, public speaking, agricultural science, community service & more.

You can decide on the level of involvement that fits your skills & schedule:

- Lead youth within school-based, after school and camp settings, or through a community club.
- Serve as a chaperone, board member, or a judge
- Develop & support service opportunities for youth in your own community
- Teach using curriculum developed by your state university
- Work with other adults to create fun & exciting programs

Today, 4-H'ers are stepping up to make **positive changes in our communities**, across the country, and all over the world. But behind every success story, there is a mentor—someone just like you. As a 4-H volunteer, you can share your skills and experience to help transform a new generation of confident young leaders. This is your chance to **make a change**, to be the spark that inspires a revolution. A revolution of responsibility.

Spencer Municipal Utilities
