

Fluttering Butterflies

These butterflies are both pretty and scrumptious to eat! Use pretzels for the wings and colorful candy for the body.

What you'll need. . .

Table knife

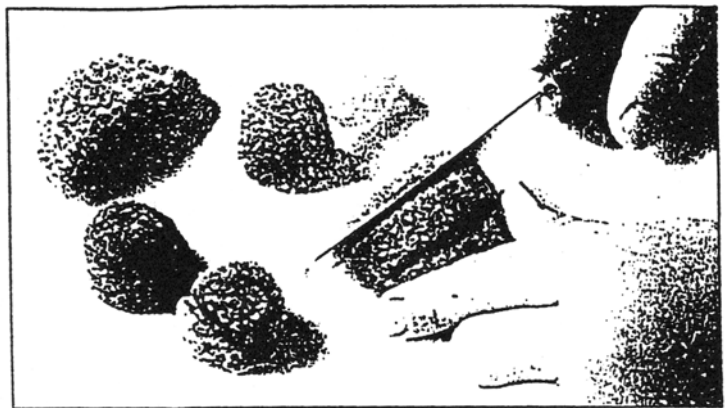

Gumdrops or candied orange slices

Pretzels

Assorted candy

Canned frosting

For the body, cut two slits in a gumdrop.

For the wings, press 1 pretzel into each slit.

Decorate your butterfly with assorted candy. Use the frosting to help "glue" the candy to the butterfly.
